

February 23, 2024

Dear fellow Farm Credit Members,

It has been a true honor and privilege to have served you on our Board of Directors for the past thirteen years. The opportunity to learn and be involved in the success of our cooperative, while working with an extremely talented Board and Staff has been an outstanding experience.

My original goals of service, leadership and giving back remain as important today as when I first sought election. As a tenured board member, I fully understand the commitment and responsibility that are required to be an effective director and I remain dedicated to that end.

As we approach this election time, I urge each of you to be an informed, involved member of our cooperative, and exercise your right to vote.

To quote Henry Ford, "Coming together is a beginning, staying together is progress, and working together is success."

May we continue to work together for continued success.

Best Wishes,

*Laurie*
